

Lyrics to A Noun Is A Person, Place, Or Thing

Well every person you can know,
And every place that you can go,
And anything that you can show,
You know they're nouns.
A noun's a special kind of word,
It's any name you ever heard.
I find it quite interesting,
A noun's a person, place or thing.

Oh I took a train, took a train,
To another state.
The flora and the fauna that I saw were really great.
But when I saw some bandits chasing the train,
I was wishing I was back home again.
I took a train, took a train,
To another state.

Lyrics for CONJUNCTION JUNCTION:

Conjunction junction what's your function?
Hooking up words and phrases and clauses
Conjunction junction how's that function?
I got three favorite cars that get most of my job done.
Conjunction junction what's their function?
I got "and" , "but" and "or" they'll take you pretty far

(spoken) "And" that's an additive like "this" and "that"
And then there's "but" that's sort of the opposite, "not this but that"
And then there's "or" O-R, when you have a choice like "this or that"
"And", "but", and "or" get you pretty far!

(Sung) Conjunction junction what's your function?

Lyrics for INTERPLANET JANET:

They say our solar system is centered around the sun
Nine planets, large and small, parading by
But somewhere out in space
There's another shining face
That you might see some night up in the sky waving high
Interplanet Janet, she's a galaxy girl
A solar system Miss from a future world

She travels like a rocket with her comet team
And there's never been a planet Janet hasn't seen
No, there's never been a planet Janet hasn't seen
